- **39%** employers aren’t able to name any benefits from diversity management
- **41%** of Latvian inhabitants don’t mind that persons from other ethnicity works in the same work-place
- **26%** of Latvian inhabitants don't mind that person from other ethnicity becomes a family member
- **1/3** a third of society believe that national efforts to combat all forms of discrimination are ineffective (Eurobarametr)

Strategy (2017)

- to measure society’s **current level of awareness and understanding** about the issue of social inclusion and discrimination
- to identify the **most effective ways how to reach the target groups**
- to determinet the **creative solutions** and the most effective measures for increasing society’s awareness and promoting tolerance and society’s unity

In **2018 contract** on the implementation of a strategy-based campaign and systematic and long-term events to increase society’s understanding and awareness
Awareness-raising campaign for Diversity, Tolerance and Non-Discrimination

- Central message is “Openness is a value”
- Highlight the benefits of diversity and openness by speaking directly to employers, young people and the general public, and by addressing societal groups at risk of social exclusion based on their age, gender, ethnicity or disability with information tailored to their specific needs.
- Thematic years, putting each of the at-risk groups in focus one at a time, along with overall promotion of diversity, tolerance and non-discrimination and promotion of tools to recognise and report discrimination.
2018 was dedicated to asylum seekers and persons with refugee or alternative status, appealing to society to see the humane side of the refuge
